Before you Order....

You know... the rules and stuff you should know!

Bienvenidos!

Welcome!

The restaurant business has been a learning experience for our family. We cook for you as we would cook from our own home. Sometimes it's "authentic" Mexican, sometimes it's Tex-Mex or borrowed from another Latin-Hispanic Culture, and sometimes it's just plain good because it is. Regardless, we hope you enjoy it as much as we do. We like to have fun in the kitchen, so if you hear us singing or whooping and laughing, it's ok... we're still cooking!

Manny, Christal, Sarah & Lucas Villaseca

Grilled items like, Steak, Chicken, Shrimp and Fish take longer to prepare because they are made to order and we have a TINY stove!

Mom & Pop are literally cooking your food... And because we aren't a corporate chain, we use real QUALITY ingredients, made mostly from scratch and make it as FRESH as possible while trying not to waste. Be kind if we run out. It happens... Trust me the love makes it taste better!

WE USE a CABBAGE-CILANTRO MIX IN JUST ABOUT EVERYTHING INSTEAD OF SHREDDED LETTUCE. CRAZY, I KNOW... BUT IT'S REALLY GOOD!

No Substitutions where stated PLEASE.

Please understand that changes to plates requires a price adjustment. We of course want you to order what you would like, it just may cost a little more.

TRUST US WHEN A DISH IS MARKED HOT... It is SPICY, It is HOT, It will make you SWEAT!
 It's ok to cry a little... we don't judge.

We do not have a fryer... Sadness I know! That means we do **not** make our own chips, have deep fried tacos, and no Chimichangas either.

The MAJORITY of our Menu is **GLUTEN FREE**. The exceptions are flour tortillas and the bread for Tortas and occasionally a daily special. Just ask! Quesadillas sub flour tortilla for corn tortillas.

Unattended children will be rolled up in tortillas and hung from the ceiling. It's a small space with hot food... please don't let the little ones run around.

FOOD ALLERGIES:

PLEASE ALERT YOUR SERVER TO YOUR ALLERGIES. Cross contamination can occur. If we can accommodate your allergies we make every attempt. We do use peanuts on occasion. We regularly use pecans. Soy is unfortunately in several of our items. Dairy we can usually leave off. Ask to speak to Christal if you have questions.

Veggies of the Day

Please let your server know if you require your food to be prepared Vegan.

The Anderson Boys Slap Tacos

The Anderson Boys have been coming into the store since we opened. Once they found out we had cheap tacos, they started bringing in their friends! Slap Tacos in Mexico are actually called Tacos Cachetadas and are meant to be a snack to tide you over. Tortilla of choice slapped with refried beans and whatever leftover meat we have available and then slapped into a pan and grilled like a quesadilla, but without the cheese. No children were harmed while making these *Tacos*.

1.50

Lindsay Tacos

Lindsay Williams gets credit for this one. Soft Corn Tortillas filled with Refried Beans, Rice, Cabbage-Cilantro Mix, Onions & Tomatoes. This is NOT a Vegetarian Dish unless you leave off the Rice.

2.85

The Joey D Tostada

Were it not for the Dugdale family and their willingness to take a chance on a crazy white lady who wanted to open a Mexican Grocery store, La Tienda never would have come to be! It's been hard to find a dish to name after him, because he loves them ALL! This one is his favorite, FAVORITE... so far... Crispy corn tortilla, covered with, refried beans, sour cream, grilled chicken, cabbage-cilantro mix, tomatoes, avocado, chipotle ranch, and queso cotija.

6.75

The Tom K Quesadilla

Tom has an ungodly LONG and complicated last name... love you Tom! Tom's quesadilla came about as a bit of afternoon experimenting. 8" Flour tortilla smeared with cilantro pecan and stuffed with cheese, grilled mojo de ajo chicken, cooked avocado and then fresh sliced avocado, then toasted to perfection.

8.50

Gangster Pesto Tacos

Hannah might throw Manny a couple of punches if we are out of Pesto! With a last name like Nuckols, I wouldn't push it! She also LOVES the Cilantro Pecan Pesto! So much so, she ordered it for her wedding we were honored to cater. This is NOT Mexican, it's a twist on a traditional Italian basil pesto. 2 Corn tortilla tacos filled with grilled chicken, cilantro pecan pesto and topped with cabbage-cilantro mix and onions.

7.50

Rowan's Breakfast Burritos
